

## To start a Zoom meeting?

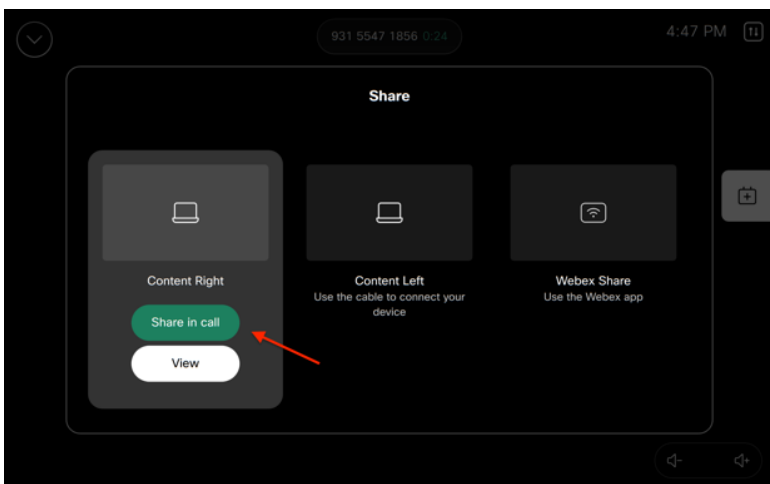

Connect your laptop to the HDMI adapter (if sharing presentation) and tap the **Zoom** icon

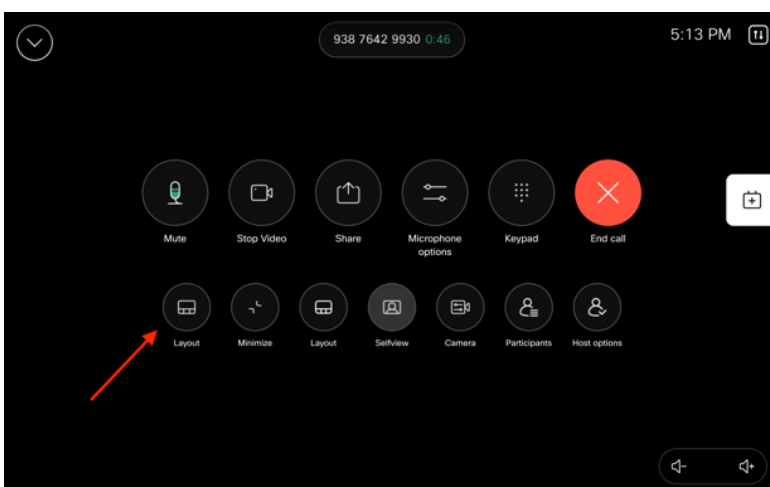

Type in your Zoom **meeting ID** and **Passcode** and tap **Join**

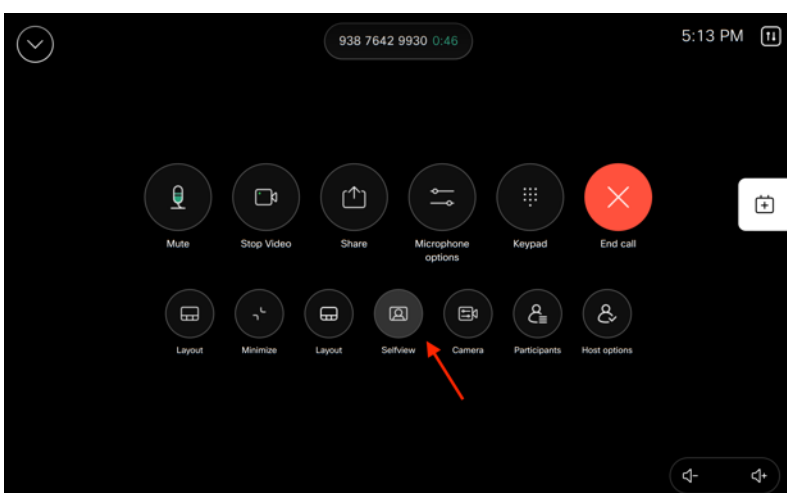

Tap **“Share”** to share presentation

When ready, tap **“Share in call”** within Content Right panel to share presentation

You can change the presentation layout by selecting **“Layout”** and then selecting **“Focus”**

You can disable the screen camera Picture-In-Picture (PIP) option by selecting **“SelfView”** and then unchecking **“Show Selfview”**
