

**Stanford Bio-X Interdisciplinary Initiatives Seed Grants Program**  
**Round 11 - Cover Page for “Letter of Intent”**  
**After completing this form, please save and include with your Letter of Intent.**  
(To complete the form, open and save in Adobe Acrobat)

The mission of Stanford Bio-X is to catalyze discovery by crossing the boundaries between disciplines, to bring interdisciplinary solutions and to create new knowledge of biological systems, in benefit of human health.

The work described in your letter of intent may have the potential of being supported through external sources, such as individual philanthropists, venture capital firms, foundations, and industry. This support may be in the form of funding, collaboration, access to facilities and equipment, and/or mentorship.

**Please check the box below to indicate that we may share the title and abstract of your intended project with any or all of these groups. Please ensure that the lay abstract is non-confidential (i.e. the project description will not jeopardize any impending intellectual property regarding your research). PLEASE CHECK ONE BOX:**

**Yes**       **No**
